Dinosaurs

Join us this summer and let the exploration begin! Our Primary children will embark on a prehistoric adventure to learn all about dinosaurs! With hands-on activities, students will discover how dinosaurs lived, what they ate, and how they became extinct. We will also explore different dinosaur species, learn about fossils and paleontology, and even participate in their own "dinosaur dig". We look forward to guiding your child as they develop a deeper understanding of the earth's ancient past while sparking their curiosity and imagination.

Week 1-2 - Carnivores

Dinosaurs that eat meat

Week 3-4 - Herbivores

Week 5-6 - Bipedal & Quadrupedal

Week 7 - Reptiles & Paleontology

Ancestors of dinosaurs & the study of fossils
